A reference to a person includes a natural and juristic person and a reference to either party includes the party’s successors or permitted assigns. Conflict

4. USE OF THE PLATFORM

4.2. Policies

TradeSafe may establish general policies and limits concerning the use of the Platform. TradeSafe reserves the right to log off, deactivate, or delete any User account.

5. RIGHTS OF ACCESS AND USER ACCOUNTS

5.1. Passwords and Security

Only a registered User can use the Platform. Each User is responsible for keeping their login credentials (i.e. the username and password required to access the system) secure and confidential. Each User is solely responsible and liable for activities that occur under their account. The User authorises TradeSafe to act on any instruction given under User’s account, irrespective if it transpires that someone had maliciously taken control of the User’s account, unless the User has notified TradeSafe prior to TradeSafe acting on a fraudulent instruction.

If a User suspects that their login credentials may have been compromised, the User must:

- Contact TradeSafe immediately on 010 020 3101 or support@tradesafe.co.za; and
- Change their password immediately.

Sharing of credentials with any other person may jeopardise the integrity of the TradeSafe account. TradeSafe cannot be held accountable or liable for loss that incurs from shared authorised access.

5.2. Right of Reserve

TradeSafe reserves the right to reject any User or deny the ability of a User to create an account should it feel that the User is perusing the TradeSafe account for illegitimate or unscrupulous purposes.

User accounts registered by bots or other automated methods are not permitted. Each User must provide their full legal name, a valid email address, a valid cell phone number, their Identity number, company registration documents, proof of banking accounts and any other information requested by TradeSafe to complete the registration process.

One person may only use each User's login - TradeSafe does not permit multiple people to share a login.

5.3. Verification of Banking Account Details

TradeSafe peruses third party verification services provider ThisIsMe.com to verify the bank account details of the Parties. To receive payment from TradeSafe, the seller must have a valid South African bank account and the details of the bank account holder must correspond directly with the details that were entered on the TradeSafe platform. For a business account, the company registration number as entered on the TradeSafe Platform must agree to the company registration number associated with the applicable bank account.

TradeSafe reserves the right to withhold payment until such time it ascertains that the User's bank account details have been verified.

5.4. Other Information That May Be Requested

Dependent on the nature of the User's business, TradeSafe may be compelled to request further information or perform additional procedures which may include performing physical verification of the Seller's/Supplier's site or premises. This is purely to negate the risk of money laundering and to ensure the TradeSafe Platform is used for legitimate purposes.

6. CREATING A TRADE AND CONTRACT ACCEPTANCE

6.1. Obligations of User

The terms of the transaction for the provision of goods or services will be provided by the Users, and will be submitted with any Trade. TradeSafe shall remain independent at all times. The company shall not be a party to any transaction. Other than its duties as stipulated in this Agreement, TradeSafe is neither responsible nor has any obligations or duties to any User under a transaction.

When creating a transaction, Users are required to enter or upload the following information *inter alia*:

- Comprehensive details of the transaction;
- A description of the requested goods or service;
- All terms and conditions including the agreed inspection period and delivery arrangements;
- Upload any contracts, files, photos or documents (if applicable) that pertain to the transaction between the Users; and
- Payment Trigger Events that pertain to the Trade.

6.2. Contract Acceptance

Parties indicate whether they agree to the transaction and accept the Trade's terms and conditions by clicking on the "Accept Trade" button on the Platform.

All Parties are required to accept the Trade for the transaction to be a binding agreement between the Parties. The status of the transaction as displayed on the Platform will be highlighted as "Trade Accepted".

The parties will be notified by Email that the Trade has been accepted and that the Buyer is required to deposit the funds into the Escrow Account.

7. FUND DEPOSITED INTO ESCROW

The Buying party deposits the transaction value into the Escrow Account via EFT payment.

TradeSafe will not be held liable or responsible if the funds are deposited into the incorrect bank account should the Buyer use incorrect bank account details.

TradeSafe has bank accounts with:

- Standard Bank;
- Nedbank;
- ABSA; and
- FNB

All payments emanating from the aforesaid banks should result in an instantaneous clearance. TradeSafe endeavours to clear the funds within a maximum of 30 (thirty) minutes from the time it learns that the funds have physically arrived in the Escrow Account. Parties must be aware that any delay in verification may be attributed to a problem experienced at one of the aforesaid banks.

All amounts greater than R5,000,000 (million) are to be deposited with TradeSafe's bank account at Standard Bank to satisfy South Africa's payment system Real Time Gross Settlement provisions.

TradeSafe will not rely on any proof of payments as submitted by the Buyer.

All Parties will be notified once TradeSafe has verified the receipt of the funds into the Escrow Account.

In addition, TradeSafe will furnish all Parties with a signed company letter stating that the funds in the Escrow Account are earmarked for the Seller upon the satisfaction of the Trade's contract condition precedents.

8. BUYER'S ACCEPTANCE

8.1. Buyer's Involvement

During the Buyer Inspection Period, the Buyer shall either:

- Select the "Accept" button on the Platform. This will notify the Parties that the Buyer has accepted the Goods/Services and that TradeSafe has initiated the payment process out of the Escrow Account;
- Select the "Negotiate" button on the Platform. This will allow Parties to renegotiate certain terms should there be an understandable change in contract performance. Should the other Party not agree to the renegotiated terms, then the Trade will revert to a state as if the "Negotiate" button was never pressed;
- Select the "Dispute" button on the Platform. This will notify TradeSafe and the Parties that the Buyer has not accepted the Goods/Services and has initiated a dispute; or
- Select the "Request Extension" button on the Platform. This will allow the Parties to extend the delivery or inspection period.

8.2. Deemed Acceptance

The buyer will be deemed to have accepted the goods or services detailed under a Trade if after the Inspection Period or the ECD the buyer has failed to inform TradeSafe that they have either accepted, negotiated or disputed the goods or services, or requested an extension to the delivery or inspection period. TradeSafe will endeavour to contact the Buyer for an explanation to the inaction. Should TradeSafe fail to contact the Buyer or obtain a reasonable explanation to the inaction, TradeSafe shall deem the Buyer to have accepted the goods or services. This deemed acceptance authorises TradeSafe to release money to the seller.

For brevity, the ECD is calculated as follows:

- The date the Seller indicated that he/she had started delivering the goods or services; plus
- The number of days agreed for delivery; plus
- The number of days agreed for inspection

For example, if it was agreed that delivery would take 3 (three days) and inspection would take 2 (two) days and the Seller started delivering the product or service on, say, the 1 January 2017. Then the ECD (transaction deadline) would be calculated as the 6 January 2017 at 11:59PM.

The date the Seller started delivering the product or service can be determined by either:

- The Seller indicating on the TradeSafe Platform that he/she has started delivering the product or service; or

- Confirmation from a courier company that the goods have been collected from the Seller; whichever comes earlier.

9. PAYMENT OUT OF THE ESCROW ACCOUNT

9.1. Payment to Seller

Once the Trigger Event for the acceptance of the goods or services has occurred, TradeSafe will proceed to release funds to the Seller after deducting the appropriate Fees (if any) as established in the Trade.

TradeSafe shall use the Seller's bank account details that were entered on the Seller's account profile. TradeSafe shall not be liable or be held responsible should it pay the funds into an incorrect bank account should the Seller have provided incorrect banking account details.

9.2. Payment to Agent or other Beneficiaries Who Require Payment

Once the Trigger Event for the acceptance of the goods or services has occurred, TradeSafe will proceed to release funds to the Agent, then other payment beneficiaries after deducting the appropriate Fees (if any) as established in the Trade.

9.3. Summary of Instances Where Parties Will Be Disbursed

TradeSafe will release the funds to the Seller, Agent or other beneficiaries requiring payment once the following criteria has been satisfied:

- The Buyer accepted the goods or services;
- The Buyer renegotiated certain Trade terms pertaining to the goods or services, of which the Seller agreed to the renegotiated Trade terms;
- The Buyer initiated a dispute which was subsequently resolved by all Parties within 21 business days;
- The Buyer initiated a dispute which could NOT be subsequently resolved and the matter was referred to Arbitration or a South African court of law. TradeSafe will only act on the written instruction of the Arbitrator or a South African Court of Law; or
- The Buyer is deemed to have accepted the goods or services after the transaction deadline ("ECD") and the buyer has failed to inform TradeSafe that they have either accepted, negotiated or disputed the goods or services, or requested an extension to the delivery or inspection period, despite numerous attempts to contact the Buyer.

9.4. Payment Run

TradeSafe makes two payment at 09h00 and 15h00 every business day.

If authorisation to release the funds was received by TradeSafe between 08h45 and 14h45, then payment will be made at 15h00 that day.

If authorisation to release the funds took place after 14h45, then payment will be made at 09h00 the following business day.

When TradeSafe makes payment, all transactions with a value greater than ZAR400,000 will trigger Real Time Clearance (“RTC”) settlement. This means that the funds should reflect immediately in the Seller's bank account at either 09h00 or 15h00.

For all transactions where the transaction value is less than ZAR400,000, and depending on who you bank with, the funds may take up to 24 hours to reflect in your bank account. All international transaction payments will be settled using RTC.

9.5. Priority of Parties in Respect of Payment

Payment to Parties will be done in the following order:

- The Seller or Supplier;
- The Agent; and then

If the Seller does not begin delivery of the goods or services within, either 10 Business Days **OR** any other number of days as agreed by the Parties, from the time the Parties being notified that TradeSafe has received the funds from the Buyer, then the Buyer is entitled to request a refund of the funds.

TradeSafe will refund the Buyer after notifying all parties and deducting the Fees.

10.2. Renegotiation

Should the Buyer request a renegotiation to the Trade terms of the Trade which is subsequently accepted by the Parties, settlement price may be impacted. This may result in either a part or a full refund to the Buyer, net of Fees.

10.3. Dispute

Should the Buyer reject the goods or services and initiate a dispute, the Parties can agree to revised Trade terms which may impact the settlement price. This may result in either a part or a full refund to the Buyer, net of Fees.

11.2. Allocation of Amount owing to Agent or Broker

If applicable, the Parties indicated in the Trade how payment to the Agent or Broker will be allocated. The amount owing to the Agent or Broker can be paid by either the Buyer, the Seller or split equally between the Buyer and the Seller. If:

- The Buyer is selected to pay the Agent's amount, the amount will be added to the Trade amount that the Buyer must deposit under the Trade;
- The Seller is selected to pay the Agent's amount, the amount will be deducted from the Trade amount held in the Escrow Account before releasing it to the Seller; or
- The Users agree to share the cost of the Agent's amount, then half of the Agent's amount will be added to the amount the Buyer must deposit and the other half will be deducted from the money held in Escrow Account before releasing it to the Seller.

11.3. Allocation of Amount Owing to Other Beneficiaries Requiring Payment

If applicable, the Parties indicated in the Trade how payment to other beneficiaries will be allocated. The amount owing to other beneficiaries can be paid by either the Buyer, the Seller, the Agent or split equally between the Buyer and the Seller. If:

deposit and the other half will be deducted from the money held in Escrow Account before releasing it to the Seller.

11.4. Interest

Interest on any monies held in the Escrow Account will accrue to TradeSafe.

If the Buyer or the Seller experiences an unexpected extended period before the finalisation of a Trade, the Buyer or Seller may request in writing an instruction to have TradeSafe place the funds into an interest-bearing account for the benefit of the Buyer or the Seller. TradeSafe reserves the right to either approve or reject such a request.

11.5. Taxation

11.6. Costs to Implement

Unless otherwise stated, the parties will bear their own costs to implement (or perform their obligations under) the Agreement.

11.7. Customs and Other Fees

Unless the Users agree otherwise, the Buyer is responsible for any duties, customs fees or other charges resulting from an international Trade, which will be included in the purchase price. It is the responsibility of the Seller to properly declare the merchandise and its value for customs procedures.

12. DISPUTE RESOLUTION

The TradeSafe Platform incorporates an embedded dispute resolution mechanism.

Buyers may initiate a dispute on the TradeSafe platform should the goods or services they receive be materially different to what was set forth in the Trade and supporting paraphernalia.

Any dispute between the Users in relation to a transaction is between the Users. TradeSafe will not get involved beyond its obligations under the Trade. TradeSafe may offer assistance or facilitate the resolution of a dispute between Users if a dispute between Users arises.

The Parties hereby agree to use their best efforts to negotiate in good faith during the dispute to reach a resolution which is satisfactory for all parties.

If a User notifies TradeSafe of a dispute relating to a Trade, TradeSafe will immediately freeze the Trade. TradeSafe will only unfreeze the trade if:

- The Parties indicate on the Platform that the dispute has been settled
- It receives an order from an arbitrator; or

- It receives an order from an appropriate court of law or similar legal body.

The Parties have 21 business days to resolve the dispute and indicate on the Platform that the dispute was resolved, failure of which TradeSafe will be forced to intervene. TradeSafe shall provide the Parties the option of either referring the matter to Arbitration, or approaching an appropriate court of law or similar legal body. If all Parties cannot agree on which resolution mechanism to pursue, the Terms shall compel the Parties to elect Arbitration.

13. ARBITRATION

13.1. Introduction

If the dispute resolution process fails and Parties refer the matter to Arbitration, TradeSafe will ascribe to the expedited rules of AFSA which provide for an Arbitrator to make a binding decision based on the documents, facts and merits of the dispute.

The decision of the adjudicator will be binding on the parties.

13.2. Arbitrator Selection

Parties may elect TradeSafe to nominate an adjudicator.

If the Parties do not wish to elect TradeSafe to nominate an adjudicator and are all unable to agree on an arbitrator, then the Secretariat of AFSA will itself select and appoint a suitable Arbitrator where appropriate.

13.3. Arbitration Fees

All fees due to the Arbitrator will be paid by the parties to the dispute and TradeSafe will not be liable in any way.

TradeSafe will inform all Parties the prescribed administration fees to be paid and, from time to time as the proceedings progress, such other fees and costs as may be payable.

The aforesaid administration fees must be deposited into the Escrow Account for the Arbitration process to commence.

Should any one party fail to pay its share of any administration fee or cost when requested by either TradeSafe or by the AFSA Secretariat, that party risks the right to participate in the arbitration process so long as that party is in default of payment. The defaulting party may, in the discretion of the arbitrator, be excluded from further proceedings depending upon the circumstances of the case.

13.4. Rules for Arbitration Proceedings

The proceedings shall be adjudicated in accordance with AFSA's rules for expedited arbitrations.

13.5. Arbitration Award and Payment

The arbitrator shall provide his/her award within 30 (thirty) days after finalisation of the proceedings unless the parties otherwise agree or unless the AFSA Secretariat permits an extension of that time.

The arbitrator's award will be published to all Parties.

Unless the Parties have in writing instructed the AFSA Secretariat otherwise at any time before the final award is given, there shall be no right of appeal from the award.

TradeSafe will act on the aforesaid award and abide by the instruction of the arbitrator.

13.6. Non-Liability

TradeSafe shall have no liability in respect to the way the arbitration proceedings were conducted and the associated outcome.

14. RETURNED GOODS OR DOMAIN NAMES

14.1. Returned Goods

If the Trade has been disputed, and it is agreed that the goods are to be returned to the Seller, then the Buyer shall be responsible for returning the goods to the Seller to its original destination.

The Buyer agrees to initiate delivery of the goods to the Seller within 10 (Ten) business days from when being informed that the goods are to be returned to the Seller.

The seller is entitled to an inspection period, for rejected goods, of five days or as mutually agreed. This period will start when:

- The Seller acknowledges receipt of merchandise, service or domains; or
- TradeSafe receives a verification of delivery via the shipper's or registrar's tracking services.

If the Seller rejects the goods, the Trade will remain in a dispute status and the funds will be held in escrow until such a time the dispute is resolved. Section 12 of the Agreement namely "Dispute Resolution" will apply and the Parties will have 21 business days to resolve the dispute and indicate on the Platform that the dispute was resolved.

The Seller may only reject the goods if the goods have not been received in the same condition as they were sent. If the Seller fails to reject the goods within 5 (five) business days, it will be deemed to have accepted the goods and the funds will be released to the Buyer.

14.2. Rejection of Domain Names

If the Trade involves a domain name and the buyer rejects a domain name (which is not being held by TradeSafe), then, in addition to the normal terms of rejection, the Seller agrees to cooperate in the return process of the domain. In the event the domain transfer to the Buyer has caused a ICANN imposed registrar lock, the Buyer and Seller agree that the Seller will open an account at the receiving registrar to take possession of the domain or that the funds will be held in escrow until this period expires and the domain can be returned to the Seller's registrar.

15. DUTY AND CAPACITY OF USERS

15.1. Duty to Notify

Users agree to notify TradeSafe as soon as possible once any Trigger Event is met, or there is a dispute in respect of any Trade. TradeSafe is not liable for any damages suffered by

any User due the failure of a User to notify TradeSafe or the Parties on the TradeSafe Platform.

16. CANCELLATION

The Parties may agree to cancel a Trade if all Parties agree in writing.

TradeSafe may cancel any Trade at any time in its absolute discretion. TradeSafe will refund any monies already paid by the Buyer less the Fees due.

17. TRANSACTIONS INVOLVING AN AGENT OR BROKER AS A PARTY

17.1. Overview

A Buyer and Seller may participate in a Trade with or without the role of an agent or broker.

The Terms will apply to the agent once the User creates an account on the Platform.

To the extent that an agent or broker may be involved in a transaction, it is recommended that the agent or broker creates the Trade between Buyer. The User can do so by providing the Buyer's and Seller's email addresses on the TradeSafe Platform. If the agent manages or leads other sub-agent/s and the said sub-agent/s are expected to participate in the Trade, the agent will have the opportunity to add the sub-agent/s to the transaction as a payment beneficiary.

Neither agent, broker nor other payment beneficiaries will have the ability to accept or dispute a Trade on the Buyer's or Seller's behalf.
